## FELL FROM THE RIGGING

LONG TUMBLE OF TWO TONS OF MACHINERY.

Dropped From Aloft on to the Deck of the Paul Isenberg, Just Missing the Hold.

The German ship Paul Isenberg had a narrow escape from serious injury late on Saturday afternoon, while unloading heavy machinery. A case containing machinery weighing over two tons tumbled from high up in the rigging to the deck, narrowly missing the open hatchway. Had it fallen into the hold it would probably have gone through and the ship would have foundered at the wharf.

The accident was due to the slipping of ropes which held the case of machinery. The hoisting had been done and the case was starting outwards from the vessel when the fastenings slipped. There was a general chorus of excited warnings and the men on the deck did some lively scattering. The machinery struck the iron rail on the hatchway, bending it and landed on some boards on the deck. The case was smashed, but the contents are thought to be uninjured. Mate Rose was quite near where the heavy package struck.

The Paul Isenberg is having very quick discharge. She will take a cargo of sugar from here.

**FLOURISHED A PISTOL.**

Saturday afternoon a colored soldier showed a pistol in the barber shop next to the police station and on the street a few minutes later threatened to use the weapon. The gun was seized by the police. Deputy Marshal Chillingworth addressed a letter to the colonel of the regiment, calling his attention to the Hawaiian statute forbidding the carrying of arms. Soon after a major called and asked the department that the colored men would not leave the ship with pistols or razors. The pistol was turned over to the major. The pistol toter was not arrested.
